

CELL PHONES FOR EDUCATION

Have an old, unwanted *cell phone* that are collecting dust and taking up space? I can help! I will take your old *cell phones* with battery, chargers and accessories. Clean out your desk drawers and closets; help our organization recycle these electronic items and keep them out of our landfills. We can turn these phones into money for our local education programs!

PACEBUTLER CORP. will donate a book for any cell phone they purchase. It is easy! Contact Mary Hughes, KLBB Project Coordinator and she can assist you with a drop-off location in our Keep Loup Basin Beautiful 13-county area.

Once these *cell phones* are collected, PaceButler Corp sends a postage free-shipping label to mail them in. The funds collected will be put toward area educational programs!

PACEBUTLER CORP has donated more than 835,000 books with this program.

For more information contact Mary Hughes, KLBB Project Coordinator by email at Mary@keeploupbasinbeautiful.org or by calling 308-346-3393 (office) or 308.730.1677 (cell).

Visit www.keeploupbasinbeautiful.org for the most current information and new projects offered and like us on Facebook and follow us on Twitter! New information and ideas are shared almost daily!

REVISED 03/08/16

308-346-3393

"To promote & provide environmental education & projects that will lead to litter prevention, waste reduction, recycling and beautification in Central and North Central Nebraska."
